Anti-Fascist Group Of Loyalty Inquiry

The Joint Anti-Fascist Refugee Committee, listed last December by Attorney General Clark as a subin District Court attacking President Truman's loyalty check order of last March as unconstitutional.

The petition, filed by former Asfrom voting several weeks ago when sistant Attorney General O. John Rogge, asked that a three-judge tribunal be established to determine the constitutionality of the President's order and a section of the Hatch Act as applied to that order. The section in question prohibits expenditures of Government money to pay Federal employes who advocate overthrow of the Government

by force. The petition also asked that Mr. Clark be enjoined from including the committee on the list of some 80 "subversive organizations."

Another plea in the petition is that the court issue a preliminary injunction prohibiting Mr. Clark from including the committee's name in the subversive list pending determination of the constitutionality of the order.

Filing of the petition came about and the contents of a basement seven months after the District executive board members of the committee were convicted here on Robert Clark, 37, colored, 113 G charges of contempt of Congress.
